USER PANEL

User Panel

The User Panel advise us on priorities for research and ways to make our findings as helpful as possible.

The User Panel is composed of a group of experts with a strong interest in using evaluation to improve policy-making, they advise us on priorities for research and ways to make our findings as helpful as possible to those who we hope will make the best use of them

Our Strategy

Our strategic objectives to 2019

Building the evidence and providing hands-on support The What Works Centre for Local Economic Growth (WWG) was set up in October 2013 as part of the What Works Network to analyse which policies are most effective in supporting and increasing local economic growth. We work with decision makers in central and local government to give them a deeper understanding of 'what works', and to improve their ability to design, implement and evaluate effective programmes.

VISITOR PANEL

About us

Visitor panel is a growth platform for existing business and new startups. VisitorPanel.com strive to be a great source for medium and small organizations in fulfilling their requirements of overall business growth and employing technology effectively and pro actively.

The **Bermuda Visitor Panel** consists of visitors to Bermuda who would like to provide their feedback to the Bermuda Tourism Authority (BTA) through online surveys.

When you participate in these **surveys**, you help us better understand and meet your needs. As a panel member, you will have an opportunity to provide us with invaluable feedback on services and products - feedback which will help us improve our service to you.

As part of the panel, you are invited to share your thoughts on what we offer to our visitors, challenge how we work with local communities and networks, and feed in your ideas for the future of arts and culture in the city. The Visitor Panel meet 6-8 times a year for informal sessions with members of the Spike Island team.

Benefits

Make a positive impact on the future of Spike Island and help us better engage with our communities and inspire more people to enjoy art and culture in Bristol. Panelists are also offered free tickets to the majority of our events and 10% discount in Spike Island Café and shop.

Apply

Please fill in this short online application form or request an application form by **email** or **call 0117 929 2266**.

ADMIN PANEL

ADMINISTRATION PANEL

The **Grav Administration Panel** is a dynamic administrative interface that makes managing your site, creating new content, and updating its components a breeze.

The **Administration Panel** plugin for Grav is a web GUI (graphical user interface) that provides a convenient way to configure Grav and easily create and modify pages. This will remain a totally optional plugin, and is not in any way required or needed to use Grav effectively. In fact, the admin interface provides an intentionally limited view to ensure it remains easy to use and not overwhelming. Power users will still prefer to work with the configuration files directly.

the site's home page, caching settings, and more can be configured here.

The **Grav Administration Panel** is a dynamic administrative interface that makes managing your site, creating new content, and updating its components a breeze.
