eCommerce Inventory Software that Makes Order Management Easy. Are you selling both online and in stores? Do you have the ability to fulfill orders from anywhere? A loyal customer has confidence in your ability to deliver what they want where they want it.

online order management system that can help in recording orders placed via phone, fax and mails. Nexternal's management interface has provisions to allocate sales reps to handle orders. Post sales activities like invoice generation.

# ONLINE ORDER TRACKING SYSTEM

When you book your consignment with TCS, rest assured that you are in total control of knowing where exactly your shipment is at a particular point in time during its transit, finally leading you to know to whom it was delivered and at what time and date. TCS has made it all the more convenient for you to track

Track your order from ship date to arrival. To begin, enter your order number and last name below. Guests: Enter your order number and billing last name below. Registered Users: login to view your order receipt. View your order status in the orange box in the right column of your order receipt. \* Order Number

Order Tracking - To track your order please enter your Order ID in the box below and press the "Track" button. This was given to you on your receipt and in the confirmation email you should have received.
